OFFICE OF THE PRESIDENT

February 27, 1970

Dear Students and Friends:

"Time: The Element of Change," the theme selected by the yearbook staff is a most appropriate one and is substantiated by the events of this scholastic year.

One of the primary changes this year was the appointment of a chief administrative official; and, as a result, this brought new philosophical and educational directions for Utica Junior College. Another major change was in the physical plant area with the erecting of a Library Building which enhanced the educational opportunities of the students. This facility was a land-mark in our physical plant development for it provided our institution with the last major obstacle that had prevented accreditation by the regional accrediting association. Still another major change occurred within our student activities program where we, for the first time, engaged a member of the Mississippi Junior College Association in a regularly scheduled inter-collegiate contest. The winds of change blew considerably.

The most significant change that "time" can wrought may not be revealed to us until some future date, this is the academic and occupational change in our students that will allow them to become successful citizens of this society.

Congratulations are in order to the members of the yearbook staff and its advisors for the most accurate and vivid manner in which they visually chronicled the events of this scholastic year.

Yours truly,

J. Louis Stokes
President

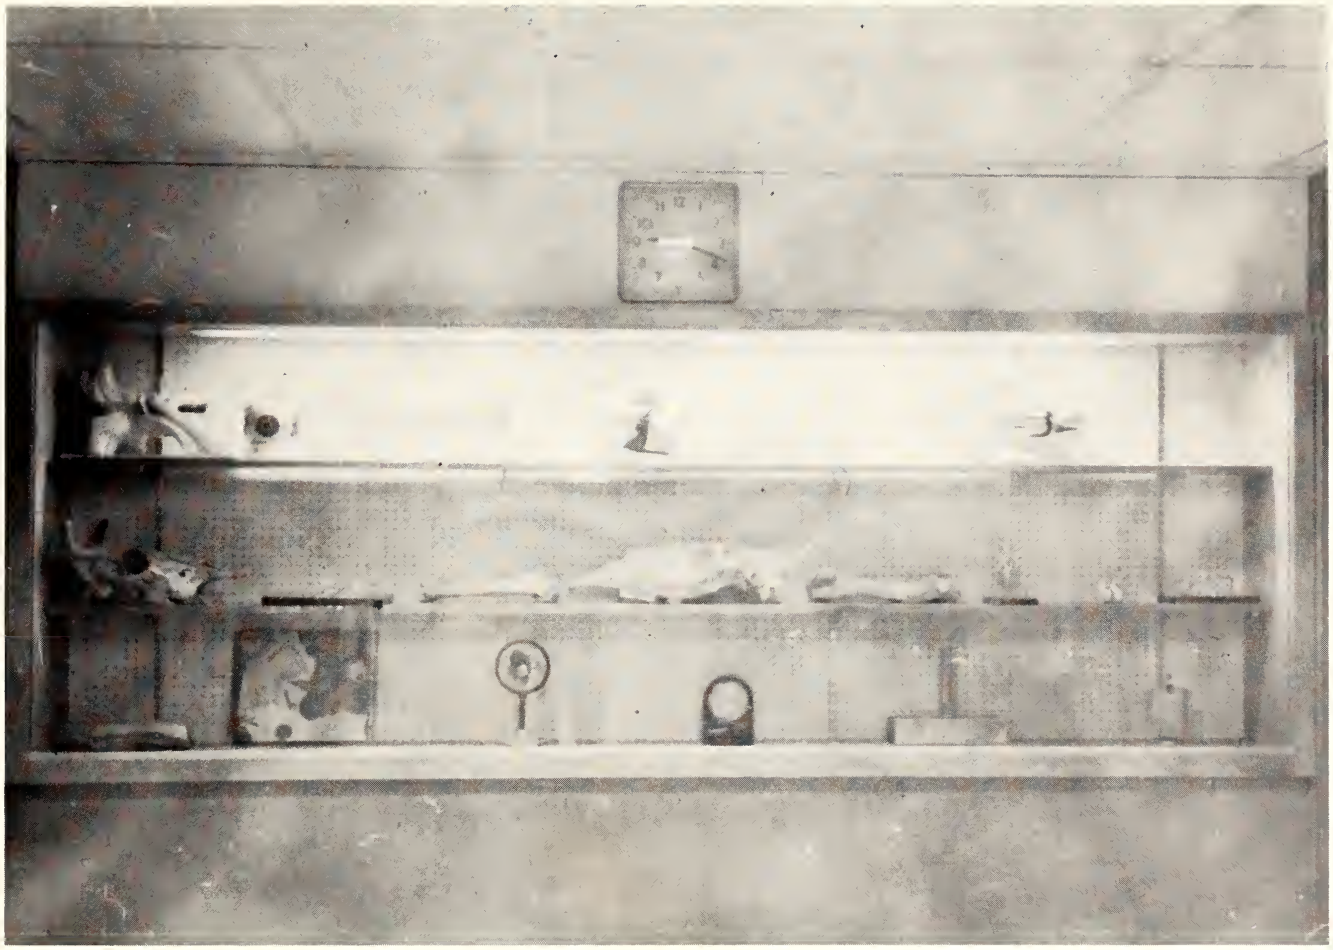
DEDICATION

Mr. Benjamin F. Harper, Jr.

For his tireless efforts and most sincere desires for excellence, both academic and non-academic, for his ever readiness to assist where assistance is needed, for his many years of dedication to his chosen field, for his concern for Utica and its students, for his devotion to the annual and its staff members, for his quick wittiness, for his portrayal of professionalism, for his never relenting energies, for his fatherly concern for his family and others, and for merely being what he is, we dedicate this 1970 UTICANITE to our own "Big Little Man" on campus, our dear Mr. Benjamin F. Harper, Jr., who has been with the Utica family since 1960. "Many men have been capable of doing a wise thing, more a cunning thing, but very few a generous thing." Pope

CLASSES



"What is time? The shadow on the dial, the striking of the clock, the running of the sand, day and night, summer and winter, months, years, centuries—these are but arbitrary and outward signs, the measure of Time, not Time itself. Time is the life of the soul."

No time for play, work!

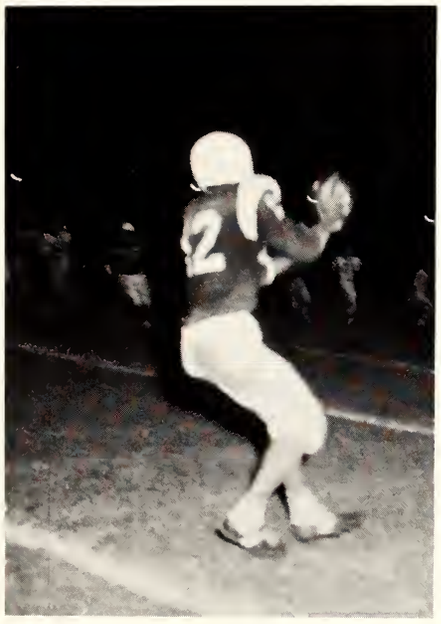
Not again!

Where is the ball?

Time is running out.

Our time to score.

Time for cheers, victory is close.



Passing time.

Who has the ball this time?

It's time to stop him, now!

Time for a breather.

Let's make it good.

Stopping time.

What time is it now?

Lending a helping hand.

Touchdown time.

Free at last.

Will he make it?

Oops, he dropped the ball.

Time to salute.

A TIME FOR THE PURSUIT OF SCHOLARSHIP

"Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave."

"The foundation of every state is the education of its youth."

We were entertained by The Voices of Faith Choir, Jackson, Mississippi; The Soulful Six, Utica Junior College; and The Dance Troupe, Hinds County AHS. Some of us appreciated the entertainment.

"There is no time like Spring,
When life's alive in every thing."

"The holy spirit of the Spring is working silently."

EDITOR'S MESSAGE

To each student, faculty, and staff member here at UTICA, we're happy to present you this annual, which we hope will serve as an everlasting memory of the 1969-70 school year.

I hope that the various moments captured in the photographs contained here will be enjoyed for many years to come by those persons who are actually a part of the book, as well as those who will merely thumb through its pages. These pictures of scenes and action are memories of our dear "ole" college years, and when the years have come and gone, we can always look back upon the joyful moments which might have otherwise been long forgotten.

I would like to thank the members of the UTICANITE staff for doing a wonderful job and for giving their time in the production of this book. I could not close without giving special thanks to Miss Willie Mary Taylor and Mr. Benjamin F. Harper, the staff advisor and photographer, who have really put forth sincere effort to make our annual a success.

It has been the aim of the UTICANITE staff to present in this book "Time: the Element of Change" so that each time it is opened, some event of college life will bring a smile.
